January 7, 2010

Dear Parent or Guardian:

This follow-up letter is being sent to you regarding an opportunity for your child to receive Supplemental Educational Services / academic tutoring from an SES provider outside of the regular school day. On November 19 the District sent you a letter informing you of this opportunity with a list of providers for your review and select. After receiving your responses, an SES Provider Fair has been scheduled for Tuesday, January 19, 2010. This event will be held in the cafeteria at Caruthersville Elementary School from 4:30 – 6:30. At this time you will have the opportunity to visit with each SES provider that has agreed to participate in the fair.

We encourage you to take this opportunity to visit with each provider so that you can make an informed decision regarding supplemental education services for your child.

Sincerely,

Ms. J. J. Bullington, Superintendent
Caruthersville Public Schools
